

Amino Acid 60%

GUARANTEED ANALYSIS

Total Nitrogen (N) **14%**

Guaranteed through MWL WC PROC 55 analysis method in USA authorized laboratories.

Amino Acid 60% is a water-soluble fertilizer that is ideal for strengthening all types of crops in difficult situations such as salty or exhausted soils, or other deficiencies.

Amino-Acid 60% is a 100% soluble in water powder, it is obtained from vegetable proteins, corrects the deficiencies of nutrients and improves the outbreak and quality of the fruits. It helps plants resist stress and contains 17 of the 20 known amino acids.

Store in its original container and at temperatures above 18 C.

Dispose the waste in a place authorized by the local authorities.

It can cause irritation in the eyes. In case of contact, wash with plenty of water in eyes or skin. In case of ingestion, administer 2 glasses of water or milk. DO NOT INDUCE VOMITING or administer products by mouth to a patient in a state of unconsciousness. Obtain immediate medical attention.
